Amend the second printing copy of Senate Bill 26 (SB0026.02) as follows:

Beginning on page one, the last word on line 19, strike "the accreditation association for ambulatory health care"

Insert for the stricken language, the following new language:
"ORGANIZATIONS THAT ACCREDIT OUTPATIENT CENTERS FOR SURGICAL SERVICES".

Rationale for amendment: there are several organizations that accredit outpatient surgical centers, so this makes the reference to all such organizations, rather than to only one. Note that a similar change was made for hospitals in the Senate amendments.
